SKILLS

- Communicative
- Sociable
- Teamwork
- Time Management
- Inquisitive
- Open minded

LANGUAGES

- English (Fluent)
- Spanish (Fluent)
- Chinese(beginner)

PROFILE

I'm a computer science student. Most of the code I've written is in c++i have not really worked on a coding project yet but id love to get that expirience

PROGRAMMING

- python: my first coding language I learned it since high schoo
- c++: It holds the longest code I've written
- html: I made a website once it i have not practiced in a while
- java: Im trying to self teach myself java only starting
